

## EUROVAC II STAINLESS STEEL STAND ALONE VACUUM

- Powerful 1.6HP - 2 or 3 motor provides excellent suction and vacuum performance.
- Controls: System is activated via a push button starter or with any of the optional payment upgrade(s) listed below. The system will automatically shut down after a set period of time (1 to 30 minutes).
- Automatic shut down increases the life of the motor and reduces energy costs of running the motor.
- Initial entry of dust and debris removes virtually all the dust prior to the secondary bag filter.
- Optional mounting bracket available for mounting to an outside wall or post.
- 2-motor system is provided with one (1) - 2" x 17' hose/claw as a standard; the 3-motor system comes standard with two (2) hoses/claws
- Standard 2" claw color and optional 1.5" claw color are red . Standard hose color is blue with black interior. Custom colors available upon request.

### Available Upgrades:

Bill, Coin, Token, or Credit Card Acceptor, including Apple Pay and Google Pay

Optional change to 1.5" x 17' hose/claw or different lengths (25' and 50') are available upon request

Compressed air upgrade available

Option to mount on either Eurovac post or arch

Stainless steel lid optional upgrade
